

Research Proposal for the Swiss Government Excellence Scholarship

The research proposal is an essential document of the application package. Based on this document the selection Committee composed of University Professors will judge the academic relevance of the scholarship project.

Your research proposal consists of seven parts and all of them have to be addressed. The text boxes are limited to the number of characters stated (bibliographical references – see annex - are not included in the limited number of characters/ pages¹).

Please devote all the necessary attention to this document.
